**PETITION FOR CORRECTED PATENT  
TERM ADJUSTMENT UNDER 35 U.S.C. §154(b)**

Dear Sir:

The Notice mailed July 22, 2004 states that the Patent Term Adjustment is 15 days. Applicants respectfully request that the patent term adjustment be amended. The PTO private PAIR website lists Applicants delay of 147 days. Careful consideration of the listed delays allegedly caused by Applicants reveals that the Patent Office included internal processing delays at the Patent Office in such calculations. Such internal PTO processing delays are not the responsibility of Applicants.

Accordingly, the Patent Term Adjustment should be increased. The increased should include, for instance, the difference in time between October 23, 2002 and November 13, 2002. That reflects a processing delay internal to the Patent Office, a matter as to which Applicants have no control. It is also furthermore respectfully noted that this Application did not receive a first action on the merits for more than 14 months. The application was filed on December 6, 2001 and the first Office Action on the merits was not until November 19, 2003.

Appl. No. 10/004,115

Any fee required to support this request for an increase of the Patent Term Adjustment can be charged to our Deposit Account No. 06-1135, under Order No; 7372/72249.

Respectfully submitted,

FITCH, EVEN, TABIN & FLANNERY
